

BEAUTY PIE - DIGITAL CAMPAIGN PROPOSAL [Free to be Beauty

Student ID: 2235323/1 | Module Code: MOD005457 | Level 6 | Academic Year: 2024/2025
Module Leader: Christopher Collier | Word Count: 3,200 | Developed by Luca Sedda

EXECUTIVE SUMMARY & STRATEGIC OVERVIEW-----

This 3,200-word digital proposal establishes a comprehensive framework for Beauty Pie's 'Free to be Beauty' campaign, focusing on the launch of the new Japanfusion Un-Genius Lift Elixir and the official Beauty Pie native app. Integrated frameworks applied include SOSTAC, RACE, PESO, and S.M.A.R.T. objectives.

KEY DIGITAL AUDIT FINDINGS (SEOPTIMER & SIMILARWEB)-----

- Usability Audit: Identified critical mobile usability issues (Grade: D), Mobile Speed Score 24/100, Largest Contentful Paint of 11.4s, and Time to Interactive of 28.8s on mobile platforms.
- Audience Demographics: 82.02% of traffic originates from mobile devices; 78% female audience; 25-34 age core.
- Cross-Channel Gaps: Absence of Facebook Pixel tracking and missing LinkedIn links addressed to optimize PPC/SEM.

CAMPAIGN STRATEGY & TACTICS (SOSTAC & RACE)-----

- Hero Product: Japanfusion Un-Genius Lift Elixir - meeting 86% UK consumer demand for premium ingredients.
- Native Mobile App Launch: iOS & Android app development with exclusive 10% E-code discount to drive 75k downloads.
- Competitive Positioning: Benchmarked against The Ordinary using membership model and app exclusive perks.
- Media Distribution (PESO): TikTok (69% beauty engagement), Instagram (484K followers), Google Ads/SEM, AI retargeting.
- Influencer Partnerships: Emma Jane (26.3k) and Bambi Does Beauty (439.5k TikTok followers).

CAMPAIGN BUDGET & TIMETABLE-----

- Total Allocated Budget: £7,320,000 (10% of Beauty Pie 2024 Turnover of £73,200,000).
- 6-Month Phased Timetable: Integrated across Product Life Cycle (Introduction, Growth, Maturity, Retention).
